When managing your curriculum within Curriculum mapping, you will be able to add and modify program specific standards. These standards are unique to your program and are not a part of accreditation standards. For example, program goals, university goals, program learning outcomes etc.

- Adding Program-Specific Standards
- Adding Subcategories to Program-Specific Standards
- Adding Tags to Subcategories
- Editing & Deleting Program-Specific Standards
- 1. On your dashboard, select Program Details.

2. You can also access this from the left-menu.

3. Click on Standards from the left panel.

- 4. Adding Program-Specific Standards
- 5. You will see both Accreditation Standards, and Program Specific Standards. Click on the + icon for Program Specific Standards.

6. A drawer will open where you can add the name of the standard. Click Save when done.

× Add progr	ram specific standards	Save
Program specifi	ic standard	

- 7. Adding Subcategories to Program-Specific Standards
- 8. You will see all added standards listed under the Program Specific Standards section. Select the standard for which you need to add the sub standard.

Program specific standards	+
Blooms Taxanomy	Ŵ
Metrics of success	Ŵ
Nutrition Competencies	Ŵ
Professional Competencies	Ŵ

9. Click +Add <<Name of Program Specific Standard>>.

Program specific standards	+	Click here to edit standard name
Program goals	Ŵ	

10. A drawer will open where you can add goals or sub-sections for your program specific standard. Click Save when done.

X Program goals Save	2	
Standard code*		Add code related to standard (1, A, etc.). This information will appear in reports when you map it with a course or course
Standard description *		objective.
Annotations		Description and additional information
h		Tags, if any (covered below)
Tags 🕂		Upload any supporting <u>documentation</u>

11. Tags can be created to associate them with your standards and are fully customizable. They can be used to flag and track items which may be helpful for members of a group or committee responsible for reviewing standards used by a program.

## 12. Adding Tags to Subcategories

13. Click on the + icon.

Tags 🕂

- 14. A pop up will appear and will display any tags previously added. Select from the list or click+Add to create a new tag. Click Apply when done.
  - 1. We recommend you add all necessary tags for all school users to utilize them.
  - 2. If you are creating a new tag, type in the name, select the color of your choosing, and click Add. You'll be taken to the main list of tags to select from.
