

Within Prism, you can set evaluations to be shared with students.

For our PT-PTA programs, the Student Evaluation of Site automatically comes with this feature enabled.

For all programs: if you have a form you'd like to be shared with students, contact [prism-support@exxat.com](mailto:prism-support@exxat.com) to have this feature enabled for existing forms, or if you'd like to create a new form with this feature.
