

Steps to access Gradebook:

The new rotation view should be accessible through the Evaluation section in the admin interface and directly from the Learning activity landing page. This functionality should be given to course and placement faculties for their associated courses and placements with school admins

1. Select "Learning Activities" from the dashboard.

The dashboard is divided into three main sections:

- Program:** Includes links for Program Details, Students, Faculty and Staff, Student Compliance (with an Approve button), and Faculty Compliance.
- Curriculum Management:** Includes links for Courses and Curriculum Mapping.
- Placement Management:** Includes links for Sites, Process My Requests, Placements, and **Learning Activities** (highlighted with a red box).

2. Click on "Set Up" for the course you want to see the Gradebook view.

Course Offerings

Click a learning activity name to review it for a course
