

The Institution Level: Placement Report provides admins with a consolidated overview of placements across various programs.

1. When you click on the tile for institution administrator, the following dashboard appears:

2. Click on "Placement Report" to get a consolidated overview of placements across all your programs. A page would open as "Comprehensive placement report [live]" where you will need to select the program from the dropdown or you can also search for a specific placement using the "Student Name", "Placement ID", "Student ID", "Cohort Name", etc.

Placement Report
